

# MONOLITH AND ULTIME LARGE PORCELAIN SLABS

The Monolith and Ultime collections go beyond standard space, offering a brand new dimension and opening up limitless arrangement possibilities. Their simplicity and sophisticated style is truly impressive. They exploit the potential of the large format and come in 4 types of finishing and 2 thicknesses. The new collections reflect the richness of austere textures and colours, delighting with a play on contrasts and unique designs. They combine harmony and apparent chaos when they draw on the beauty of washed-out, worn-out patterns. They are audacious and non-obvious when highlighting the beauty of damaged surfaces and corroded metals. They re-interpret the decorative structure of stone, ideally reflecting the minimalist image of nature.

# PORELAIN SLABS

## APPLICATION & PROPERTIES OF SLAB TILES

### Application

The MONOLITH and ULTIME slabs are a good solution outdoors and indoors alike on walls and on floors, on facades and as covering of kitchen table tops or furniture.

WALLS AND FLOORS

THE FACADE

THE TERRACE, THE BALCONY

FURNITURE, TOPS

### MONOLITH AND ULTIME SLAB TILES

The MONOLITH and ULTIME slabs are extremely resistant to water, stains, high temperature, frost and abrasion. They owe their versatile functionality also to the exceptional aesthetic properties and the ability to transform any difficult location. The large format indicates a small amount of grout i.e. and impression of a nearly solid surface.

FROST RESISTANCE

ABRASION RESISTANCE

WATER RESISTANCE

EASY TREATMENT

QUICK ASSEMBLY

A SMALL AMOUNT OF GROUT

STAIN RESISTANCE

TEMPERATURE RESISTANCE
